effective leadership. A unique opportunity existed in which this study was not only able to examine the responses from current police leaders, but also contrast those with responses from a survey of police leaders that was administered three decades ago, offering a glimpse of the changes in police-leadership practice and philosophy.

Leadership is a complex research area and across all sectors there is ambiguity over which styles and behaviours are the most effective. Difficulties of linking leadership with organisational outcomes are particularly pronounced for the police, since common police performance measures are affected by multiple confounding factors.

Police Leadership Development Reading List As we study and practice leadership it is tempting to focus exclusively on the role of the leader without asking what makes a good follower – but leadership cross all levels of a police department. On Leadership – John Gardner. New York: Free Press, 1993.
